The rational male pdf free download

Great book for the average male. If you are a sensitive or politically correct person you probably won't like this book. Although the author doesn't say explicitly offensive things, some readers may find his tone misogynistic. This book really explains female nature and how they operate sexually and socially. Also if you are religious don't be afraid to read this cause he even explains alternatives to his suggested tactics. Overall if you are an average guy who wants to know a little bit more about women, read this book. *side note I suggest the hard copy over the audiobook, but both are great. It helped me realize, why as a man I have suffered so much in my life. It was nothing I was doing, I was following all the advice women gave, all the ideas you see in movies, music, I thought women wanted a man who was caring and affectionate, this book helped me realize.. That all my suffering was due from the identification with feminist ideals. The line: A Man's love is unconditional and loves simply for love, a woman's love on the other hand is opportunistic, there's a condition to receiving it. Cut me like a knife.... What did you like best about this story? The analogy with the matrix, first made me laugh and then question the validity of this book. But as Rollo continues explaining throughout the book and referencing the similarities, that laughter soon turned into a complex set of emotions that I cannot describe, you realize.. It's true.. We men have been made victims and no one will believe you because, they're part of the system, and just like the matrix, they will fight to preserve it.. What did you learn from The Rational Male that you would use in your daily life? Once you know this truth.... You cannot go back. You cannot look at women the same and you realize, just how fucked up it is that your needs as a man, were never important to the world, yet your accomplishments is what everyone will relish in.. Any additional comments? Thank you for this insight..... Thank you for unplugging me from this matrix..
